CORRECTION OF TABLE 5-6 OF THE OPERABLE UNIT 2 (OU 2) RISK ASSESSMENT DRAFT
FINAL CHEMICALS OF CONCERN (COCs) TECHNICAL MEMORANDUM - WSB-125-94

Action None required

This letter is to inform you of an error that was noted on Table 5-6, Rocky Flats OU 2 Chemicals of Concern Upper Hydrostratigraphic Unit Groundwater, in the Draft Final COC Technical Memorandum (TM) dated August, 1994. Nitrate was incorrectly reported as a COC in Table 5-6. This error may result in communication problems when this table is compared with Section 5.0, Fate and Transport of COCs, in the Resource Conservation & Recovery Act facility report. A corrected table is attached so that it may be transmitted to the Environmental Protection Agency and Colorado Department of Public Health and Environment with the TM No. 9 comment responses submitted to the Department of Energy on October 28, 1994. I apologize for any inconvenience this may have caused.

If you require further information or have any questions, please call Pete Laurin at extension 8702.
